19. [REDACTED] Accompanied [REDACTED] NIO/SEA, to Representative Paul McCloskey's (R., Calif.) office to deliver the comments on Mr. McCloskey's Vietnam paper. While we did not see the Congressman, [REDACTED] reviewed the comments with his aide, Julie Piernott, who interestingly had previously worked with Dr. Kissinger. We then spoke on the phone with McCloskey (who was on the Senate side testifying on Cambodian aid) concerning the objectivity of the intelligence community.

20. [REDACTED] In the absence of the member, met with Nancy Hirst, in the office of Representative Carroll Hubbard (D., Ky.), concerning the possibility of lining up the members of the Democratic freshmen group for a breakfast/briefing at the Agency. Hirst will check with Hubbard who is President of the 94th class and I suggested, because of the size of the group (74), we might set up a couple of dates and I outlined the procedures, transportation and timing. If Hirst has not contacted me by Monday morning I am to give her a call.

21. [REDACTED] In the absence of the member, met with James Smits, Administrative Assistant to Representative Richard Schulze (R., Pa.), concerning the possibility of a breakfast/briefing at the Agency for members of the Republican freshmen group. Smits thought the group would be interested and said he would raise it with Schulze, who is President of the 94th class. Smits said he would let us know the outcome. I explained how we conducted these things in the past, including procedures, transportation and timing.
